Pool House Community Primary School
Silver Class Curriculum Map – Summer Term

English

During our daily English lessons we will be continuing to learn our basic skills in reading and writing. Our topics will include The Shang Dynasty, The Iron Man, Poetic Language and The Grand Tour. We will be completing extended writing tasks each Friday in Big Write and refining our grammatical skills in our daily SPAG lessons. Children will be tested each Monday morning on their weekly spellings.

Religious Education

As part of our important religious studies we will learn more about the religion of Sikhism and about the religion of Hinduism. The class will learn more about the key beliefs of these faiths. We will be taking part in collective worships and understanding how religion can teach us about our own lives.

History and Geography

The Indus civilisation started almost 5,000 years ago. We will be finding out about different cities in the Indus Valley and investigating the different artefacts found by archaeologists. In Geography, we will be learning more about Settlements and trade links. Including the trading links the United Kingdom has across the world.

Mathematics

Mathematics is taught daily as we continue to learn our basic skills and develop learning of the four key operations (addition, subtraction, division and multiplication). Our topics in Summer Term include Addition and Subtraction, Counting and sequences, Fractions and Decimals, Volume/Capacity and Mass Position and Area and Multiplication and Division.

Physical Education

In the final term, we hope the weather will allow us to play various games on the field such as rounder's, cricket and volley ball. We will also be learning new athletics skills and competition in our own sports day.

Science

In the first half term we will learn about Teeth, Eating and Digestion. This will include learning about the importance of keeping healthy, looking after the health of teeth and the digestive system. In the second half term we will learn about Living things and the water cycle, including how the rivers are formed.

Computing

We will be creating and developing an educational game using computer programming. In the second half term we will create digital toy prototypes. We will also continue to use our basic computing skills including using the internet for research.

Music

Mrs Bennett will be teaching our Music lessons and taking our recorder club. Some of the children in Key Stage 2 will be taking part in the summer production.

Art and Design

Mrs Miller will continue to teach our Art and Design lessons; we will be learning about landscape art work and creating our own pieces. In the second half term we will learn about shelters, creating the perfect shelters for different purposes.

PSHCE

During Summer Term we will have weekly PSHCE lessons. We will be learning more about economic wellbeing and relationships and friendships. We will also be looking ahead at the academic year.

French

We will be learning more French vocabulary and focusing on two new topics this term. The topics are Telling the time and Whatever the Weather. We will also be learning key writing skills and oral skills.

Spellings will be handed out every weekly and tested on Monday mornings.

Homework will be set each week – please see the Homework grid for more details

Reading books need to be brought to school each day.
Please could you read with your child each night and sign their reading records.
