22nd July - School closes at 1:15pm

5th September - School reopens at 9am

Wizard From Oz

A really big **WELL DONE** to all the children who helped or took part in our summer production of 'Wizard From Oz.' These productions are always nerve wrecking for the children (and staff). Year after year they do us proud and this year was no exception. Well done to all involved and thank you to parents for your support with these events.

Community Centre

Sunshine Class have been given the opportunity to repeat any activity that they have done this year, one of their favourite things was a 'Scottish Breakfast' that they had at the Community Centre.

After trying to arrange this for them we have found out that the Community Centre are wanting to charge us for the use of their building. We feel very strongly that things like this, done in school time, with children from the community, shouldn't be charged, (especially as it benefits the local community). The children will still get to do this activity but we will do it in school, we will also be expressing our concerns to the Community Centre Committee.

Year 6 SATS

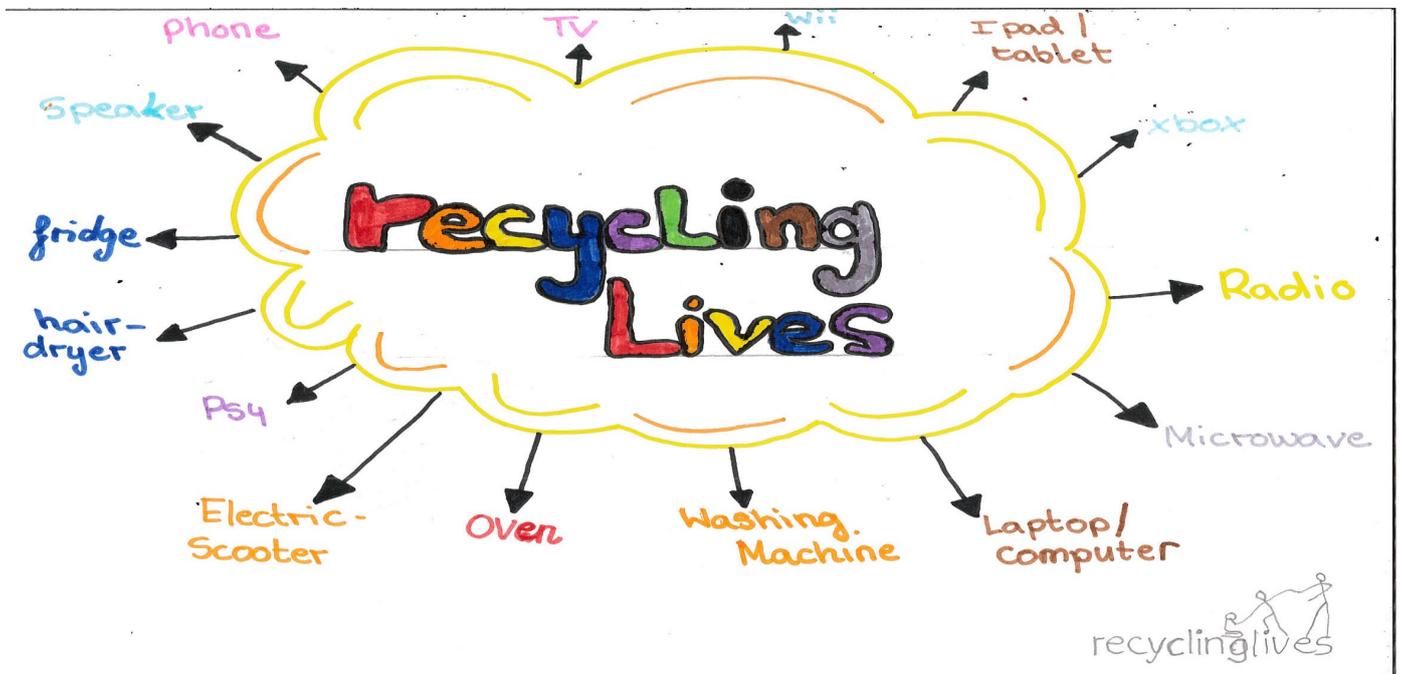

A really big **WELL DONE** to all our Year 6 pupils, they have excelled in their SATS Tests - They have done themselves and the school proud.

Green Week

You may be aware that we had our Green Week in School last Week - this was a week of teaching children as much as we could about being 'green.' We had a range of activities and visitors in School, the children enjoyed things like -

- A talk from RECYCLING LIVES
- Making recycled fashion clothing
- LUSH workshop creating bath bombs
- Litter picking in School and the local community

Without the support of local business' we wouldn't have been able to make this such a great week - Thank you if you helped us during this week, the children really enjoyed it and learnt so much.

As you may or may not know, we have a skip in School that we are trying to fill with METAL and broken ELECTRICAL ITEMS - The skip has been provided free of charge by Recycling Lives. The skip will be weighed and the money raised will come into school funds. Recycling Lives challenged the children to 'Design a Poster' to advertise our skip, we had lots of great entries and its been really difficult to choose a winner -

We eventually chose two posters that we liked -
 Oliwia aged 10 - Winning poster above
 And Saskia Baldwin also aged 11 - Runner up
 Well done to both girls.
